

MALSHI KULASINGHE

BSc (Hons.) in Information Technology & Management, University of Moratuwa, Sri Lanka
+94 76 939 6646 ◇ malshi.kulasinghe@gmail.com ◇ LinkedIn ◇ My Portfolio ◇ GitHub ◇ Medium

PROFILE

Information Technology graduate with experience in full-stack software development, specializing in ReactJS, Next.js, Redux, and modern web technologies. Skilled in developing scalable applications, API integrations, and database-driven systems, with additional research experience in Artificial Intelligence and Machine Learning. Passionate about building efficient, user-focused solutions and continuously improving technical expertise.

TECHNICAL SKILLS

- **Programming:** Java, Python, JavaScript, C
- **Machine Learning & AI:** TensorFlow, Scikit-learn, Streamlit
- **Frontend Development:** ReactJS, Redux, Next.js, Flutter, Bootstrap, MaterialUI, Tailwind CSS, WordPress
- **Backend & Databases:** Node.js, Flask, Spring Boot, PHP
- **Database & Cloud:** MySQL, MongoDB, Supabase, Microsoft Azure
- **Other Skills:** Selenium, Git, Figma, Postman, Agile, Trello, Jira

INDUSTRIAL EXPERIENCE

Software Engineer | GDC Consultants Ltd. | Sri Lanka (Asia Office) *(Sep 2024 - Present)*
(Working in collaboration with Head Office – New Zealand) *Ratmalana, Sri Lanka)*

- Developed scalable full-stack applications using ReactJS, Next.js, Redux, and MySQL.
- Built reusable UI components and integrated APIs for dynamic system workflows.
- Managed database operations using MySQL and Supabase.
- Collaborated in Agile teams for feature development, debugging, and system enhancements.
- **Stack:** ReactJS, Next.js, Redux, MySQL, Supabase

Software Engineering Intern | HasthiyaIT (Pvt) Ltd. *(Dec 2022- June 2023)*
Sri Lanka

- Contributed to frontend and backend development across multiple web and mobile projects.
- Worked with ReactJS, Flutter, Node.js, and MySQL in Agile-based development environments.
- Participated in debugging, code reviews, API integrations, and collaborative development workflows.
- **Stack:** ReactJS, Flutter, Node.js, MySQL

EDUCATION

BSc (Hons.) in Information Technology & Management *(Jan 2020 - June 2024)*
University of Moratuwa, Sri Lanka *Moratuwa, Sri Lanka*

- CGPA: 3.38 / 4.20
- Final Year Research: Breast Cancer Classification with Localization and Subtype Identification

RESEARCH EXPERIENCE

Breast Cancer Classification with Localization and Subtype Identification *(June 2023 - June 2024)*
Faculty of Information Technology, University of Moratuwa, Sri Lanka *Moratuwa, Sri Lanka*

- Conducted research on breast cancer classification and subtype identification across Ultrasound, Mammogram, MRI, and Histopathology imaging modalities.
- Combined five ultrasound datasets and developed CNN, transfer learning, and ensemble learning models for medical image classification.
- Achieved **96.5% classification accuracy** and **91.14% subtype identification accuracy** for ultrasound image analysis.
- Contributed to an overall system achieving **97.45% weighted classification accuracy** and **94.58% subtype identification accuracy**.
- Developed a web-based diagnostic platform for cancer classification, localization, and subtype identification.
- Selected for presentation at the **Undergraduate Research Showcase – UoM Research Week 2024**.

PROJECTS

Industry Projects

Tender Automation System | (GDC Consultants Ltd.) (2026 - Present)

- Developed a web-based system to streamline tender preparation and submission workflows.
- Integrated role-based modules, dynamic forms, and automated document generation features.
- Built smart filtering and Redux-based state management to improve scalable data handling and workflow efficiency.
- **Stack:** ReactJS, Redux, Python, MySQL, Microsoft Azure, Git

GDC Properties Platform | (GDC Consultants Ltd.) (2026 - Present)

- Developed a full-stack property management platform supporting tenants, landlords, and administrators.
- Designed authentication, booking workflows, and rental application modules for multi-role property operations.
- Integrated payment gateway features, rental appraisal workflows, and financial reporting capabilities.
- Applied Redux-based state management to support scalable and centralized user workflows.
- **Stack:** ReactJS, Redux, Node.js, MySQL, Microsoft Azure, Git

'Projex' System | (GDC Consultants Ltd.) (2025)

- Collaborated on frontend development and backend API integration for the Projex system.
- Engineered reusable ReactJS UI components and integrated REST APIs for dynamic user workflows.
- Implemented Redux-based state management to support scalable UI updates and seamless data interaction.
- **Stack:** ReactJS, Redux, Python, MySQL, Microsoft Azure, Git

Key Projects

'Seguros' mobile application | (Group) (2023)

- Contributed to mobile and web application development for insurance policy management operations.
- Integrated recurring payment workflows and payment APIs to support automated transaction handling.
- **Stack:** Flutter, ReactJS, MaterialUI, SOAP API, AWS, Git

Clinical Management System | (Group) (2021 - 2022)

- Developed a full-stack clinical management system to streamline workflow automation and service operations.
- Implemented authentication, lab report generation, notifications, and data visualization functionalities.
- Improved operational efficiency through centralized clinical workflow management features.
- **Stack:** ReactJS, Material UI, Node.js, MongoDB, Netlify, Heroku, Git

Web-Based Human Resource Portal for AIESEC in Sri Lanka | (Group) (2020 - 2021)

- Developed responsive frontend components for an HR portal with dashboards and profile management features.
- Collaborated in Agile-based team development using ReactJS and Firebase technologies.
- **Stack:** ReactJS, Material UI, Firebase, Git

CERTIFICATIONS & ACHIEVEMENTS

- Undergraduate Research Showcase – UoM Research Week 2024
- Microsoft Learn Student Ambassador from Sri Lanka | Alpha Milestone
- Hack Moral 4.0 2022 - Mini Hackathon (7th place)
- CODE RUSH 2020 - Intra faculty coding competition (11th place)
- Best Manager Award in AIESEC Sri Lanka | CS Eminence 2021, Annual Awards Ceremony
- The Complete Web Development Bootcamp—Udemy
- The Complete Python Pro Bootcamp—Udemy

EXTRACURRICULAR & LEADERSHIP ACTIVITIES

AIESEC in University of Moratuwa, Sri Lanka (Dec 2020 - Feb 2022)

- Manager – Digital Experience & Information Management. Led leadership development events and contributed to HR portal initiatives and internship programs.
